📞 **0915 692 5487**

📍 **Rodriguez, Rizal, Philippines**

PROFILE

Curious and disciplined software developer with a decent foundation in the software development lifecycle and agile practices. Quick learner, excelling in both independent and team-oriented environments. Confidently utilizes JavaScript, Python, ReactJS, and Django. Knowledgeable in best practices, proficient in defect resolution, and skilled in performance optimization. Thrives in fast-paced environments, maintaining productivity and delivering quality work. Possesses a strong personality and collaborates effectively with seniors and team members.

PROJECT EXPERIENCE

KodeGo Full Stack Web Development Bootcamp

OVERSEER (link: overseer.gofarm.today)   *May 2023 - June 2023*

- Utilized Bootstrap, ReactJS, Django, OpenCV, Keras, and AWS Lightsail.
- Led a team using the Waterfall methodology for efficient and structured project execution.
- Configured the server for smooth communication between the frontend and the backend.
- Integrated JWT authentication for secure user authentication and authorization.

KodeGo Full Stack Web Development Bootcamp

GO FARM (link: gofarm.today)   *March 2023 - May 2023*

- Utilized Bootstrap, ReactJS, NextJS, FastAPI, OpenCV, Keras, Docker, AWS Lambda, and Netlify.
- Led a team using the Scrum framework to ensure collaborative development.
- Implemented a CI/CD pipeline to automate the build, test, and deployment.
- Conducted research and development to implement advanced analytics features.

KEY SKILLS

Frontend Development: HTML, CSS, JavaScript, Sass, Bootstrap, ReactJS
Backend Development: Python, Dart, PHP, Java, Django, FastAPI, Flutter
Database Development: MySQL, Postgresql, IBM DB2, MongoDB, Redis
AI Development: OpenCV, Tensorflow, Keras
Collaboration Tools: Github, Figma, Trello, Zoom

EDUCATION

KodeGo (link: certificate)
Full Stack Web Development Bootcamp   January 2023 - June 2023

New Era University
BS in Computer Science   2019 - 2023
